

Business Mobile Plans

Isle of Man

We work with you to create a solution that best fits your business and helps you to create a truly mobile workforce, centred around our fast and reliable mobile network and excellent customer service.

Simplicity & Predictability

Our mobile plans offer simplicity and remove the guess work from planning. Our four-step process will help you get the right package for your teams and ensure that your costs are predictable.

Choose your plan

Step 1

Core Plan 1
5,000 minutes to
CI, UK & IOM
Unlimited worldwide SMS
Shared data bundles:
20GB, 30GB, 45GB, 75GB
or 100GB

Core Plan 2
10,000 minutes to
UK, CI & IOM
Unlimited worldwide SMS
Shared data bundles:
150GB or 225GB

Core Plan 3
25,000 minutes to
UK, CI & IOM
Unlimited worldwide SMS
Shared data bundle:
350GB, 500GB or 750GB

All core plan benefits apply to on-island use only and do not apply when roaming, unless otherwise stated

Step 2

Add Users

Allowances can be shared between any number of users from 1 to 50+. Each user gets access to the shared core plan package, plus an additional 3GB data allowance. All group users can call one another free of charge.

Step 3

Add optional UK & EU roaming boosters

All plans include free to receive calls in zones 1 & 2 (UK & EU) as standard. For frequent UK & EU travellers we offer roaming packages of data, calls and texts to manage costs.

Step 4

Access our very best worldwide roaming rates

If your staff regularly travel further afield, come and talk to us about our roaming options.

Features & Benefits

Efficiently manage your mobile costs

All plans have a set of upfront costs to help manage your budgets more efficiently and roaming bundles give you a predictable, reliable monthly charge for roaming. You can set your own spend limits for roaming with different limits for different people and you can get automatic notifications as you hit set usage points in the bundle or start incurring costs.

Convenient handset options

It goes without saying that as a major retailer of mobile devices, we can arrange a full package for your business including the latest top-of-the-line models or budget-friendly hard-working choices, depending on your needs.

Of course, you may not want new mobile handsets included. If this is the case, we've made sure you can get the most from your existing devices or BYOD programme.

Superior customer service & seamless switching

With our experience of switching businesses to Sure ranging from a handful of users to thousands, in one or multiple jurisdictions, we can guarantee you a seamless service and dedicated support for your switch. Our service includes:

- » Direct line to your dedicated Account Director who really knows your business needs
- » Back up of an on-island Service Manager
- » Sure's 24/7 SOC monitoring network performance

Extensive & reliable network coverage

» Ranked the "best overall" in the Isle of Man by independent telecommunication network experts Systemics.

*Source: Systemics Group - tests undertaken September 2017

- » Investment in the superior 4G+ technology with 75% coverage.
- » Average download speed of 44Mbps - faster than MT's by 38%.
- » Fantastic experience when making calls - our mobile network ranked 28% better for overall voice quality.

Security & Mobile Device Management (MDM)

With the security of your devices and data being of paramount concern, we can offer a range of MDM platforms both "on premise" or "cloud" to complement our mobile plans.

Advisory & Design

At Sure we have a team of specialist consultants with expertise in designing and optimising customer networks including Business Mobile, Internet, Ethernet & Cloud based solutions. Ask your account manager how Sure's Advisory & Design Services can help modernise your infrastructure.
